

Handout- Hours of service training - Supervisors - Calculating Available Hours

Calculating Available Hours

The following tables depict Driver Jones' total on-duty hours (including driving) for the corresponding days. Driver Jones is on a 70-hour/8-day schedule.

For each of the tables determine:

1. If driver Jones is in compliance.
2. If not, the number of hours he is over the limit.
3. The date Driver Jones will have time again available to drive.

Table 1

| Date | Time (hours) |
|------|--------------|
| 4/29 | 9.5 |
| 4/30 | 8.0 |
| 5/1 | 15.75 |
| 5/2 | 11.0 |
| 5/3 | 12.5 |
| 5/4 | 10.0 |
| 5/5 | 16.0 |
| 5/6 | 8.0 |

Answer 1. _____

Answer 2. _____

Answer 3. _____

Table 2

| Date | Time (hours) |
|------|--------------|
| 3/10 | 14.0 |
| 3/11 | 0 |
| 3/12 | 15.0 |
| 3/13 | 0 |
| 3/14 | 15.0 |
| | |

| | |
|------|------|
| 3/15 | 8.5 |
| 3/16 | 9.75 |
| 3/17 | 16.0 |

Answer 1. _____
Answer 2. _____
Answer 3. _____
